DETAILED ACTION

Terminal Disclaimer

1. The terminal disclaimer filed on 04/04/2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. 6,796,951 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Allowable Subject Matter

2. Claims 1-13 are allowed. The following is an examiner's statement of reasons for allowance: Applicant has filed a timely and proper terminal disclaimer in order to overcome the non-statutory double patenting rejection over U.S. 6,796,951. The prior art of record other than U.S. 6,796,951 fails to teach or make obvious an upper frame member and a lower frame member, and upper and lower cuff secured respectively to the upper and lower frame, an upper and lower securement member and a pivoting joint member connecting the upper and lower frame member, the pivoting joint member comprising pivot assemblies comprising four socket mounts and a forward and rearward arm having upper and lower ends with each of the ends retained in one of the socket mounts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
